

# Dior Construction

As news of the coronavirus (Covid-19) continues, we want to reassure you that Dior Construction is available should you need us. While we deal with difficult situations every day in the Exterior Home Services Industry, this is new territory for us.

Our primary goal is to keep our team, customers and suppliers safe during this unprecedented time. Our office and facilities are fully operational and we are taking every precaution to maintain a safe environment.

To that end, we are observing CDC best practices and doing the following to keep everyone safe and healthy.

- Frequent handwashing and use of hand sanitizer
- No handshaking
- Routine cleaning and disinfection of frequently touched surfaces
- Daily wipe downs of our trucks
- Employing social-distancing whenever possible
- Traditional In-Home Consultations and 100% Contactless Consultations are available

When our Project Consultants and Inspectors visit your home, rest assured that we will adhere to any local regulations or protocols you have in place. We have asked that any employee displaying symptoms of Covid-19 self-quarantine and we ask our customers to delay service if anyone at their home or business is ill.

We are diligently monitoring the CDC and State Departments of Health Human Services for guidance and updates. We will keep you informed of any new information or changes as it becomes available.
